

Heating & Cooling Systems

# 2023 LEGACY™ LINE PACKAGED AIR CONDITIONER & HEAT PUMP SYSTEMS

Models PA4Z & PH4Z

## Benefits of a **LEGACY LINE SYSTEM**

Keep your family cozy all year long with a Bryant Legacy Line air conditioner or heat pump cooling system. These systems deliver years of reliable performance and are an outstanding value.

### **Potentially save on summer and winter energy bills**

Up to 13.4 SEER2 and 6.7 HSPF2 may help reduce your energy consumption leading to reduced energy bills.

### **Smart technology**

Compatible with smart Wi-Fi® controls like the ecobee for Bryant smart thermostats.

### **Deliver comfort and savings**

Electrically efficient ECM motor and insulated cabinets deliver quiet comfort throughout the winter.

### **Rest easy with a long warranty**

10-year parts limited warranty when registered on time.<sup>1</sup>

<sup>1</sup> The limited warranty period is five years if not registered within 90 days of installation except in jurisdictions where warranty benefits cannot be conditioned upon registration. See warranty certificate at [bryant.com](http://bryant.com) for complete details and restrictions.

# Excellent comfort **WHATEVER** winter brings

## featured TECHNOLOGIES

### "Smart" Technology

An ecobee for Bryant smart thermostat can maximize your comfort and savings by learning your family's schedule, using local weather information and analyzing your home's heating and cooling patterns.<sup>2</sup>

Complete Legacy systems feature these exclusive advancements.

### A Perfect Fit

Our 32" narrow cabinet design allows a perfect fit for zero lot line applications or most other space-challenged locations.

### Enhanced Durability

A galvanized steel cabinet and louvered coil guards, standard on all models, provide outstanding protection against dings, dents and other outdoor threats. Solid cabinet panels help prevent against infiltration of dirt, debris and moisture.

All models include an aluminum coil designed for years of corrosion resistance.

## COOL COMFORT WITH BRYANT RELIABILITY

The Legacy packaged air conditioner and heat pump systems deliver reliable efficiency older systems just can't match. You'll get up to 13.4 SEER2 warm weather cooling and dependable Bryant quality. A complete Legacy system works as one to deliver whole-home comfort to you and your family.

### ecobee for Bryant Smart Thermostat

Achieve greater efficiency and whole-home comfort with this Wi-Fi® smart thermostat.

### ZONING

Sets different temperatures for different areas of your home for customized comfort.

### AIR PURIFIER

Uses Captures & Kills® technology to inactivate 99% of select airborne pathogens trapped by the filter, including coronavirus, bacteria and other pathogens.<sup>3</sup>

### HUMIDIFIER

Alleviates dry air by adding moisture.

### VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

<sup>2</sup> When connected to the Internet through a Wi-Fi® network. Thermostat sold separately.

<sup>3</sup> The Evolution™ air purifier has demonstrated effectiveness against the murine coronavirus, based on third-party testing (2020) showing a >99% inactivation, which is a virus similar to the human novel coronavirus (SARS-CoV-2) that causes COVID-19. Therefore, the Evolution air purifier can be expected to be effective against SARS-CoV-2 when used in accordance with its directions for use. Third-party testing (2012, 2007) also shows ≥99% inactivation for the type of virus that causes common colds, Streptococcus pyogenes and human influenza. Airborne particles must flow through your HVAC system and be trapped by the MERV 15 Evolution filter to be inactivated at 99%. Learn how it works at [Bryant.com/purifier](http://Bryant.com/purifier).

# BRYANT COMFORT SOLUTIONS

There is a Bryant product for almost any heating and cooling need or budget. Only your Bryant dealer can help you decide which is right for you.

## GOOD

### LEGACY™ LINE

#### Energy Management

**Two-Stage Cooling Operation**  
Nearly continuous low-stage operation reduces energy consumption compared to single-stage systems. High-stage operation maintains your comfort as conditions mandate.

**Efficient Performance**  
Our ECM blower motor provides high-efficiency performance.

**Efficient Performance**  
Our ECM blower motor provides high-efficiency performance.

#### Humidity Management

**Two-Stage Cooling Operation**  
Nearly continuous low-stage cooling provides outstanding humidity management during summer months compared to single-stage systems.

**Blower-Enhanced Dehumidification**  
When combined with a compatible Wi-Fi® thermostat, this model provides enhanced summer dehumidification with its ECM blower motor.

**Blower-Enhanced Dehumidification**  
When combined with a compatible Wi-Fi® thermostat, this model provides enhanced summer dehumidification with its ECM blower motor.

#### Comfort Management

**ecobee for Bryant Smart Thermostat**  
Wi-Fi®-enabled smart thermostat learns your schedule for greater efficiency and comfort.

**Two-Stage Operation**  
Reduced up-and-down temperature swings compared to single-stage systems due to longer, low-stage comfort cycles.

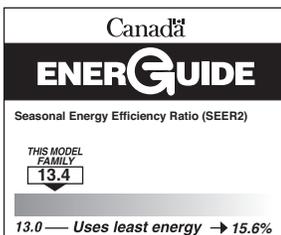

**ecobee for Bryant Smart Thermostat**  
Wi-Fi®-enabled smart thermostat learns your schedule for greater efficiency and comfort.

**Single-Stage Operation**  
Solid, reliable performance that delivers comfort when you need it.

#### Sound Management

**Two-Stage Operation**  
Delivers low-sound comfort nearly continuously during low-stage operation.

**Single-Stage Operation**  
Smooth-running compressor helps deliver quiet comfort.
